

Sugar Magic Christmas 2009

Sugar Magic is committed to producing lusciously rich fruit cakes which have been matured in spirit for several weeks prior to decorating. If a traditional fruit cake is not to your liking, why not try a sticky ginger cake instead.

For a special gift, a range of gift boxed miniature fruit cakes are available, these cut into 4 generous portions. New for 2009 are edible photo images which can be printed onto the gift cakes. If you would like an image printed onto a larger cake, please contact me for details. These are a fantastic gift for family and friends.

Christmas is a magical time for children and so many dislike fruit cakes, so I have included some gift ideas to give the little ones an extra special treat.

This year there are several sizes of fruit cakes available. A 4 inch will serve approx 16, a 6 inch approx 36 and an 8 inch approx 64 (this is based on a 1x1 inch slice).

Order Form
